Position: RESEARCHER in the field of animal ecology
Location: ITALY, Trento

The Edmund Mach Foundation promotes and carries out research, scientific experiments, education and training activities as well as providing technical assistance and extensions services to companies. These activities are aimed at promoting cultural and socio-economic growth in the agricultural sector and at developing the forestry and agro-alimentary systems, with particular regard for the environment and the safeguard of the territory of the Trentino region.

The Position:
The job, funded by The Moore Foundation, offers the opportunity to work on a high-profile international project (COVID-19 Bio-logging Initiative) under the guidance of a terrestrial movement ecology team at the Research and Innovation Centre of Edmund Mach Foundation.

The researcher will analyze, under the supervision of the project PI, bio-logging data to assess the response of terrestrial mammals to COVID-19 lockdowns, also through the collaboration with two further post-doc fellowships by Moore Foundation based at the University of St. Andrews, UK and at the Marine Biological Association, UK.

Requirements:
• Master degree (or equivalent ≥4 years degree) in Ecology, Animal behavior, or equivalent;
• Knowledge of written and spoken English (minimum level C1), evaluated during the interview;
• Working experience in the field of Animal Ecology in Research Institutes, Conservation Institutes or Universities is an asset;
• Number and quality of peer-reviewed published or accepted papers in the last 5 years (from 2016 until 2021) in the field of Animal Ecology, Bio-Logging, Movement Ecology is also an asset.

Conditions:
• Temporary Contract 2 years
• Gross annual salary: € 34,500,00 + several benefits
