

Position: Structural Engineers

Location: ITALY, Jesi (Marche region, Province of Ancona)

Santarelli & Partners Solutions is based in the town of Jesi (Marche region).

It is made up of about 20 professionals including engineers, architects and surveyors; and has an organizational structure which guarantees every single project activity ranging from the technical assignment development to the management of the entire real estate contract.

S&P has always been present in post-earthquake reconstruction with structural calculations and architectural design for the restoration of buildings (1997 Marche and Umbria – 2009 Abruzzo – 2012 Emilia Romagna – 2016 2017 Central Italy).

It also has a strong specialization in the health sector (socio-health, hospital and rehabilitation structures) not only in the design but also in the management of the entire order.

These skills are strengthened by the **use of advanced software (Archicad, Acca, Primus, Namirial,...)**.

The environment is multicultural and familiar.

Main tasks: Structural calculations

Required profile:

- Structural Engineers preferably with work experience in this position
- Good language skills in English or Italian are required
- Experience required: 2 years
- Motivation to move to a small town, in Italy, in the Marche Region

The company offers:

- Salary from 1300€ to 1500 € per month, depending on experience
- Accommodation provided
- Weekly working hours: 40 hours
- Type of contract: open-ended
