

Position: Marine, Naval or Mechanic engineer

Location: MALTA,

Bureau Veritas is one of the world's leading classification societies, operating in 140 countries. Our marine & offshore experts work hand-in-hand with our maritime clients to achieve safety and performance at sea. We are aiming to strengthen our BUREAU VERITAS Marine and Offshore Department (Malta Office) in the field of Ships in Service Surveyors.

Main tasks / responsibilities:

Bureau Veritas Malta is seeking an experienced marine surveyor to:

- Conduct inspections, surveys or examinations of marine & offshore vessels to assess, monitor and report on their condition, and
- Inspect equipment intended for new or existing vessels to ensure compliance with international standards & codes.

Required profile:

- Experience needed
- Was previously employed with an IACS Classed society with minimum two to three years' experience
- We will also consider applicants who have at least three to five years' experience as an Engineer and are well conversant with classification rules & surveys
- Hold a Marine Engineering, Naval Architecture or Mechanical Engineering degree, or
- Hold a Chief Engineer's diploma with sufficient sea going experience or a 2nd Engineer's diploma with sufficient sea going experience followed by Naval Architecture or Marine Engineering degree
- Have an excellent knowledge of English language
- Be computer-literate
- Their character integrity and culture should fit the Society's Code of Ethics
- Be prompt in replying to client's queries
- Be a good decision maker

The company offers:

- 40 Hours per week, adapted to survey requirements
- Any assistance with accommodation/relocation to be discussed during the interview
- Salary: Eur 35,000 – Eur 60,000 /year

How to apply: send CV and a covering email to eures.recruitment.jobsplus@gov.mt and should be written in English. Please indicate the reference: "Marine Surveyor – 377151" in your email.

The interviews will be held online
