Position: Junior Software Engineer
Location: NETHERLANDS, Amsterdam

New and innovative technologies are continuously disrupting retail. The global e-commerce market is rapidly growing. Together with our customers, we automate and optimize commercial strategies to adapt to the latest trends.

The demand for Omnia software is rising quickly in Europe. With the acquisition of Patagona GmbH we are the market leader in the DACH and Benelux region and we have ambitious goals to become Europe’s market leader in 2022.

Job Description:

As a Junior Software Engineer, you'll join a team responsible for handling all I/O management for Omnia. This means that you'll work on how we acquire and process millions of customer products and make them available to our other teams.

Next to that, you will also be responsible for making sure customers can access our business intelligence. You will be dealing with mainstream technologies like Couchbase, Kubernetes, Hangfire, .NET, and Azure, but also with specific challenges from in-house solutions.

Required profile:

- Bachelor's degree (Master's preferred) in Computer Science or a similar degree
- Digitally minded, tech-savvy, and enjoy working with innovative tools
- Proficient in English, both verbal and written
- Team player with a high sense of responsibility, who likes to actively contribute to the team and our service
- Interested in diving deep into a product and translating business problems into a solution
- Customer-centric, understand the business implications of your solutions, and thrive on making clients successful & happy

The company offers:

- Temporary Contract – 10 months (can be renewable or converted into permanent)
- Salary can be negotiable – about 3.000,00€ / gross / month
- Full flexibility in working hours
- Other benefits: generous pension plan + Health & wellness: Sponsored memberships + Green and flexible transportation + Referral bonus program + several benefits

How to apply: Send your CV in English until 31 January 2022, to peter.vandergrinten@uwv.nl and euresPToutgoing@iefp.pt referring Junior Software Engineer - Omnia
