

## **Position: MAINTENANCE TECHNICIAN**

### **Location: Belgium, IZEGEM**

With the collaboration of EURES Belgium (VDAB) and Portugal  
FREMACH IZEGEM NV is recruiting a **MAINTENANCE TECHNICIAN**

For almost 50 years, we have built a reputation as a leading European supplier of innovative and often complex plastic automotive components.

We have become established as a premium supplier to the automotive industry by applying our technical know-how to manufacture complex, high-quality automotive components to the highest technical standards.

As a maintenance technician, you ensure that our small and large industrial installations, machines and systems run smoothly. We consider you to be an extremely important link within our company. Your responsibility is to assemble, maintain and repair all kinds of installations and machines. You know how to localize a defect and to use the right technique to come to a solution. You are part of a team that is responsible for qualitative technical inventions on mechanical, electrical and pneumatic level. Together, you are responsible for the preventive maintenance of our machinery and equipment. In addition, it is your daily challenge to solve breakdowns quickly and efficiently so that they have small or no impact on our production run.

### **Main tasks / responsibilities:**

- Provide technical support to the departments production, quality, maintenance, ...
- Check the operation of the material, the instrument data (pressure, flow, temperature, ...) and the critical points (wear, lubrication, ...)
- Carry out the preventive maintenance of the mechanical equipment (cleaning, lubricating, adjusting, tightening, ...)
- Replacing or repairing, testing and adjusting defective mechanical parts and parts (gearing gear, bearings, sprockets, ...)
- Determine preventive or corrective maintenance interventions according to the nature of the work (commissioning, production change, ...) or the maintenance history
- (2 shifts) production automotive
- Know-how of mechanics, electricity, pneumatics and PLC
- Knowledge of French OR English

### Personal characteristics:

- Flexibility
- Independence
- Collaborative mindset

EURES mobility supports may be available if you apply to this vacancy. Please check [www.iefp.pt/eures](http://www.iefp.pt/eures).

### The company offers:

- An open working atmosphere, where people are central.
- An interesting and varied job in the automotive world
- A working environment with opportunity for initiative and personal growth
- Compensation in line with the market according to experience, supplemented with extra-legal benefits
- Immediate fixed contract
- 39h/week in 2-shifts with 10 catch-up rest days per year
- Hourly schedule: MA-DO 5h-13h/13h-21h + VR 5h-12h/12h-19h
- A job in a financially healthy company, which belongs to the ELEX group
- 16 euro/gross/hour for a starter (+10 + shift fee)

**How to apply:** Please send application (CV and motivation letter in English) to [jemimah.verschoore@fremach.com](mailto:jemimah.verschoore@fremach.com) and given knowledge to José Bento by email: [euresPToutgoing@iefp.pt](mailto:euresPToutgoing@iefp.pt)

Deadline for apply: 30.10.2023  
English and French speaking candidates are welcome
