

Position: Quality Control Engineer - TPR

Location: DENMARK, Lolland

Femern Link Contractors, FLC, is the joint venture responsible for the design and construction of the immersed tunnel, tunnel portals and ramps. Our joint venture consists of nine international construction companies with individual experience in large infrastructure projects. Together, we are committed to working together to deliver a state-of-the-art immersed tunnel, portals and ramps, delivered on time and safely, in a sustainable and ethical manner.

Main responsibilities:

As a Quality Control Engineer – TPR – Lolland Site, you will be in charge of ensuring that the works are carried out as per the approved design and inspection and test plans:

- Ensure ITPs are correctly implemented on Site, with records (Execution Tracing Files ETF) filled and signed.
- Carry out Spot Checking on Calibration of Equipment used for Works.
- Follow Rules and Guidelines established by HS&WE Manager and Production Team.
- Carry out random inspections to check that IPTs are correctly implemented on Site by Production Team.
- Follow Rules and Guidelines established by Environmental Manager and Production Team.

Required profile/Qualifications:

- A degree in Civil Engineering.
- + 2 Years as Quality Inspector on Earthworks and/or Roadworks and/or +2 Years as Quality Inspector on Concrete and Reinforcing Steel Works.
- Knowledge of Euro Norms and Standards dealing with Earthworks, Roadworks and Concrete.
- Knowledge of Testing of Materials for Concrete, Earthworks and/or Roadworks.
- Good interpersonal, organization skills and ability to work independently are essential.
- Ability to manage the relationship with key stakeholders.
- High standard of written and spoken English (all written documents in English).

The company offers:

- The Danish Salaried Employees Act (Funktionærloven), pension, health insurance and other staff benefits.
- Monthly gross salary approximately 5.300 EUR, negotiable according to experience or qualification.
- You will experience an organisation that is dynamically altering in accordance with the project progress, with a challenging, diverse and enriching working day.
- You will be working with many different colleagues across the organisation, characterised by an informal tone and an open, international atmosphere.
