

Position: Electrical Engineering Installer

Location: Nootdorp, The Netherlands

Schouten Techniekgroep is a modern, versatile company with a rich history. Based on healthy business operations, we want to be among the best professionals in our fields of:

- ◆ Electrical engineering ◆ Security engineering ◆ Climate engineering.

We are also proud of who we are and what we do.

Our clients occupy a central place with us, every client is unique. Our commitment is reflected in sound advice, offering solutions and unburdening our clients, whereby we do not want to make any concessions to quality.

Do you have a lot of interest in and knowledge of electrical engineering and do you think in solutions? Then this position might be perfect for you!

Main responsibilities:

- As a Mechanic Electrical Engineering you install light and power installations. We focus on very different types of work, so variety is guaranteed. Consider, for example, renovations, extensions, minor adjustments to existing projects and new construction projects. You are willing to participate in malfunctioning services.

Required profile:

- Mechanic Electrical Engineering
- Customer and service oriented
- Good communication skills in English
- Like to always look for solutions
- Driver's license
- Willingness to move to the Netherlands
- Eager to learn
- Teamplayer
- Highly motivated
- Willing to get your VCA diploma

The company offers:

- 7 months with a view to a permanent contract
- For someone without experience, around EUR 2000-2200 (depends on age and experience)
- 38-40 hours per week
- Travel expenses, a responsible and independent job within an enthusiastic team, Targeted studies and training, excellent working conditions. A new, challenging job. We provide suitable work clothing, shoes and high-quality tools. After your training period you will work independently and you will have access to a company car, among other things.

How to apply: Please send your CV and cover letter to euresPToutgoing@iefp.pt care of Guilherme Silveira. Please write in the subject of the email: **Electrical Engineering Installer - 589185594**
