

Position: Service Technician in the field of safety engineering

Location: GERMANY, Mulheim an der Ruhr und Essen

Elomech-Gruppe develops customized and forward-looking solutions. We plan, install and maintain sophisticated systems throughout Germany and are one of the leading companies in the business fields of automation, facility management, engineering services, IT services, networks, weak/strong current, communications and security technology. With over 600 employees in total, the ELOMECH Group is one of the leading service providers for industry, trade, banks and insurance companies. Our experience ensures an optimal and future-oriented integration of various systems and facilities in project planning and installation services, both for expansion and new construction.

Main Tasks:

- Independent installation and assembly work
- Independent performance of service and maintenance work according to VDE 0833/DIN 14675
- Programming, commissioning and handover various types of plants and components
- Contribution to the preparation of quotations
- Willingness for further education and training
- Participation in on-call services

Required profile:

- Completed vocational training as an electrician/electronics technician
- Several years of professional experience in a comparable position
- Practical experience in the field of security technology (video, burglar alarm, fire alarm, voice alarm systems and access control technology)
- Experience in service and confident interaction with customers
- Knowledge of the relevant regulations, standards and guidelines
- Independent and committed way of working as well as ability to work in a team, flexibility, resilience and communicative
- At least German-level-A1 or English-level-B1
- Driving license required

The company offers:

- Permanent contract
- Salary between 3.000€ to 3.500€ gross/ month (13 months)
- German course
- Accommodation during the first six months and support in finding a place to live
- Support on arrival and with dealing with the authorities
- Challenging and varied tasks in a modern company and operating throughout Germany
- Working hours: 40 hour/week
- Flat hierarchies and flexible working hours
- Extensive training programs and individual promotion of talents
