

Position: 3 Mechanics (m/f/d) for the aircraft industry

Location: Germany, Arnstadt

Randstad is the global leader in the Human Resources services industry. We find jobs for job seekers, and we find employees for companies. So, we match the right people to the right job – whether that job is temporary or permanent (www.randstad.de). Randstad Germany is partner of EURES, which stands for fair labor mobility.

Our client is a renowned and the world's most advanced maintenance company for the repair, overhaul and testing of (Rolls-Royce Trent) aircraft engines. The company serves clients in Europe, America, Africa, Asia and the CIS countries. The company employs [more than 1000](#) employees, who look after the engines of about 50 international airlines. Company values: trust, responsibility, transparency.

Main tasks:

- Disassembly and assembly work on engines/modules/assemblies according to specifications
- Measuring and testing tasks to determine technical parameters in accordance with documentation
- Cleaning work, visual inspections and minor repairs on engines and their individual parts
- Checking and processing engine-specific documentation

Required profile:

- Completed vocational training (aircraft mechanic, car mechanic industrial mechanic, automotive mechanic, etc.)
- Technical affinity and manual dexterity
- High level of commitment and reliability as well as teamwork and communication skills
- Strong quality awareness and an independent, structured way of working
- Willingness to work shifts and weekends
- Basic knowledge of MS Office
- Good English (or German) language skills.

The company offers:

- Long term contract. 38 working hours /week
- Two-shift operation
- 30 days of vacation plus special leave arrangements.
- Starting salary of 3.128 Euro gross/month + company bonus scheme
- Housing, language courses, support with bureaucratic issues
- Company restaurant and sports club
- Individual and customised on-the-job and off-the-job training. Internal qualification programme
- Modern, ergonomic and barrier-free workplace
