

**Position:** Process Supporter Pipeline

**Location:** DENMARK, Bagsværd

Novo Nordisk is a global healthcare company employing 47,000 employees worldwide.

**Main responsibilities:**

We are looking for Process Supporters who have an interest in understanding pharmaceutical processes, developing monitoring tools and analyzing data for recommendations and improvements. Furthermore, you have an interest in business impact and understanding how interconnected decisions play a crucial role when manufacturing pharmaceuticals. Specifically, you will: Analyze large amounts of data for extracting correlation and causation for process understanding; Analyze and understand data from quality control (QC) analyses; Develop, maintain, and recommend statistical process control charts for process monitoring; Use a science, data-based approach for quantifying process deviations; Use a team-based approach for recommending process improvements-optimizations.

This job gives you a great opportunity to play a part in shaping the future of manufacturing across the organization, in close collaboration with teach-transfer in Novo Nordisk.

**Required profiles:**

Process Scientist candidates should have the following or developing qualifications:

- An academic degree (MSc for graduates and at least a BSc if you have work experience) within chemistry, natural science, engineering or in a related field.
- Ability to independently understand scientific principles required for manufacturing pharmaceutical substances related to the interaction of chemistry and equipment.
- Ability to monitor data and extract information.
- A curiosity for connecting the understanding of process science to product quality.
- An appetite for solving complex problems applying a systems approach to manage complexity and reach feasible applicable solutions.

It is key that you understand how to convey complex information to varying audiences and thereby, explain the purpose to get everyone onboard. In addition, you should have proficient oral and written communications skills in English.

**The company offers:**

- Permanent position.
- Negotiable salary. Min. 4000Eur /month gross.
- Relocation package.

**How to apply:** See the vacancy and apply online:
