

**Position:** Orthodontics technicians

**Location:** DENMARK, Roskilde

Orthodontic laboratory in the heart of Roskilde is looking for 4 dental technicians for our technology and digital departments.

The laboratory is centrally located in Roskilde, 3 minutes on foot from Roskilde station.

Roskilde Orto-Teknik has the latest technology in milling machines, 3D printers and scanners.

We are a fantastic team of 23 full-time technicians with a good mix of gender and age.

### **Main tasks / responsibilities**

- Work with milling machines, 3D printers and scanners
- Dentaurum's ball joint system for Herbst Class II

### **Required profile:**

- Degree in Dental Prosthetics
- Experience in orthodontics is not necessary but an advantage
- Language: good English level – no Danish required
- Enthusiastic, team player, eager to develop as a technician
- Detail-orientated and focused on craftsmanship

### **The company offers:**

- Date of employment: As soon as possible
- Permanent contract
- Full time job (Flexible hours)
- Salary according to qualifications Starting salary from 4.500 euro/month as well as health insurance and pension scheme
- Join a dynamic team with experienced colleagues with plenty of training opportunities
- Employer will help finding accommodation
