

Position: Junior Automation Engineers

Location: DENMARK, Greater Copenhagen area, Hillerød and Kalundborg

Are you ready to take the next step and pursue a life-changing career at Novo Nordisk? Are you driven by automation and digitalization of the Novo Nordisk manufacturing value chain? Look no further!

EURES Portugal and Denmark are promoting a variety of job opportunities for Novo Nordisk

About the positions

Due to the expansion of the company activities in all business areas and sites, Novo Nordisk is currently seeking talents for many different teams, such as Advanced automation, Manufacturing Execution Systems (MES), and Collaborative- and industrial robotics.

This specific pipeline covers on-site positions in Greater Copenhagen area, Hillerød and Kalundborg

Required profile:

- Newly graduated with a bachelor's or master's degree within e.g., IT, Automation, or Robotics.
- Proactive, solution-oriented, like to share your knowledge and collaborate effectively.
- Proficient oral and written communications skills in English. Danish language skills are great advantage.

The company offers:

- Permanent work contract
- Working hours: average of 37 hours a week
- Salary is subject to negotiation between employer and employee in Denmark

Joining the Automation Engineers Pipeline:

Please send your CV in English to nidia.figueiredo@iefp.pt until 29/04/2025, referring the position you would like to apply for.

You will receive full information and the application procedures
