

Position: Electrician and automation electricians

Location: NORWAY, Southern (various sites)

ENTAS AS is a technical contractor specializing in the installation, operation, and maintenance of HVAC systems, industrial piping, and electrical installations, as well as automation and control systems.

With extensive experience and strong knowledge, we can cater to all our customers' service needs at any time. Our goal is to provide good service and deliver high-quality products and services. At ENTAS, we are also focused on creating value and continuously working on improvements together with our customers, with an emphasis on the environment and sustainability. Health, environment, and safety are an important part of our deliveries and our competitiveness. Satisfied customers should make ENTAS a natural first choice for future needs.

We at ENTAS AS are looking for experienced electricians for long-term projects in the southern Norway.

Required profile:

- Experienced electricians for long-term projects
- Relevant education in electricity
- Long term experience can compensate for vocational education
- Must be able to communicate in Norwegian, Swedish, or English
- High work ethic
- Used to high demands on HSE quality
- Cooperative
- Solution-oriented, flexible, and open to changes
- Responsible
- Independent

The company offers:

- Permanent Contract
- Six days a week (Monday to Saturday)
- Rotational job (2-3 weeks working alternated with rest periods of 1 week or more)
- Salary NOK from 270- 280 (± EUR 23 a 24) gross/hour
- Free accommodation and food at the workplace since this is a rotational job
- Some coverage for work travels
