

**Position:** Mechanics

**Location:** Sweden, Boden

Leading partner in the world of metals, [SMS Group](#), is renowned worldwide for its forward-thinking technologies and outstanding services in the metals industry. With 150 years of experience and digital know-how to continuously innovate products and processes inside and outside our industry.

### **Main tasks / responsibilities**

Responsible for maintenance and troubleshooting of electrical systems and instruments, either in the rolling-mill or in the mold & segment workshop, ensuring the operation and efficiency of the specialized equipment.

### **Required profile:**

- High-school diploma or equivalent qualifications with a background in mechanical maintenance, ideally within heavy industry

Desirable experience includes:

- work in a rolling-mill workshop or a mold & segment workshop
- bearing maintenance and/or tribology
- quality inspections and associated measuring instruments

Personal attributes:

- Problem-solving, a “can do” attitude and detail focused
- Able to work both independently and as part of a team
- Good knowledge of English, as the work involves collaboration with colleagues

### **The company offers:**

- Permanent work contract starting on January 2026 (with 6-month trial period)
- Salary range between 29 000 SEK (≈2.600€) – 37 000 SEK (≈3300€) /month depending on experience
- 40 working hours per week

**Interested?** Apply until **31 dec 2025** on the company's website [Maintenance Mechanic \(f/m/d\)](#) and give knowledge to [nidia.figueiredo@iefp.pt](mailto:nidia.figueiredo@iefp.pt)

**Note:** Recruitment process is ongoing basis, and the position may be filled before the last date of application.
