

Position: Lab Technician

Location: SWEDEN, Boden

Stegra Boden AB is an industrial impact company with a strong ambition to reduce CO2 emissions in the most fossil-intensive industries. Provides and sell products and services within the steel industry and the hydrogen industry, as well as own and invest in businesses that promote the steel or hydrogen industries, and engage in activities compatible therewith.

Main tasks:

- Ensure compliance with safety, environmental, and quality protocols.
- Conduct mechanical, chemical, and metallurgical tests (ISO, DIN, JIS, ASTM), including tensile, hardness, impact, chemical testing, and SEM analysis.
- Prepare and program samples using CNC machining and robotic systems.
- Calibrate and maintain testing equipment for accuracy and reliability.
- Maintain a clean and safe lab environment.
- Record and analyze test data, reporting deviations or non-conformities.
- Collaborate with production, quality, and maintenance teams for timely reporting.
- Complete tasks assigned by the manager

Required profile:

- Experience in mechanical or industrial laboratory environments preferred.
- Familiarity with international testing standards (ISO, ASTM, JIS, DIN).
- Knowledge of CNC machining, robotic systems, and metallurgical tools is a plus.
- Experience with acids and steel industry standards is advantageous.
- Holds an EU category B driving licence.
- Strong safety awareness and ability to lift and handle up to 25 kg.
- Proficient with testing equipment, data analysis, and calibration procedures.
- Ability to troubleshoot equipment issues independently.
- Excellent communication in English; Swedish is a plus.
- Effective team player with digital reporting proficiency.

The company offers:

- Salary: 43301.64 Euro / Year plus 9754.92 Euro shift allowance / year
- Shift, daytime and evenings; week days and weekends
- Permanent work contact
- Work location: Boden, northern Sweden
- Relocation support available
- The positions will be filled on an ongoing basis throughout the spring and fall
