Location: NORWAY, Oslo and Sandefjord

Scan Granitt AS is Norway's leading manufacturer of stone countertops, with kitchen brands such as Sigdal, HTH, Strai Kjøkken, Designa, Svane Kjøkkenet, and Byggmakker among our customers. We have a factory in Sandefjord and installation departments in several locations across the country.

Since our founding in 1998, we have grown to become the largest player in our segment in Norway. Today we are 48 employees -- 15 in administration and 33 in production/installation -- with an average age of around 40.

Main Tasks:

Scan Granitt is growing, and we are looking for a new installer to join our team in Oslo - an established team of three, including a team leader. You'll be part of a team delivering stone countertops to some of Norway's largest kitchen brands.

What you'll do:

The team will install countertops and carry out on-site measurements for customers in and around Rogaland - typically 8-12 installations and an equal number of measurements per week. The work is physically demanding, involving lifting and handling heavy slabs. Your team leader plans and assigns the jobs, and you'll follow up with customers throughout the delivery process, from picking up slabs at the warehouse to final installation.

- Holds a Class B driving license
- Is precise and quality-focused
- Enjoys a varied workday with several things going on at once
- Communicates well with customers, in Norwegian and/or English

- A permanent position with a solid base salary, overtime pay, and bonus opportunities
- Good opportunities for time off in lieu, especially during quieter periods, arranged with your team leader
- All necessary tools and equipment, plus access to a company vehicle from our warehouse in Stavanger
- Training at our factory in Sandefjord to get familiar with our products and routines
- A varied workday with plenty of customer contact
- Salary NOK from 47.000-53.000 (± EUR 4.250-4.900) gross/ monthly
- Help finding accommodation
