

Position: Natural stone countertop installer

Location: NORWAY, Stavanger/Rogaland

Scan Granitt is one of Norway's leading producers of countertops from natural stone, quartz composite and sintered stone, with a production facility in Sandefjord. 45 employees work in a growing company, with very high focus on precision, quality and customer satisfaction.

Main tasks:

- Installation of natural stone countertops, with focus on precision and high quality
- You will be included in an established team which will consist of three employees, which includes one team leader. The team will be responsible for installing countertops and doing measurements for our customers in the area, following our strict standards.
- The team will on average do 8-12 installations per week, and conduct the same amount of measurements.

Required profile:

- The work requires millimeter precision and a high degree of attention to details
- Previous experience
- Excellent communication skills with customers, other craftsmen and colleagues
- Good language skills in English or Norwegian is required, preferably both

The company offers:

- Permanent position, 100%.
- You will be given the required training about our routines and way of work, both in theory and in practice
- Start date to be agreed.
- Salary about 48.000 EUR per year
- We will help finding accommodation
