

**Position:** General Dentists

**Location:** SWEDEN, Norrbotten

Region Norrbotten is a county situated in the northernmost part of Sweden, covering about a quarter of Sweden. Region Norrbotten provides healthcare and dental care, and support research and education.

Public dental service Norrbotten, with clinics in all municipalities, has the primary task to offer children and youth dental care free of charge and ensure specialist dental care for county residents. We also cover a significant part of the adult dental care in the county and work under slogan "Health, Consideration and Service" with the vision "A healthy mouth in all ages".

We are looking for dentists with an EU license. We prefer that you have a Swedish license from The National Board of Health and Welfare, but it is not a requirement. If you are a student and soon to graduate, you are also welcome to apply.

We prefer if you speak Swedish but if you don't, you should be committed to learn. We place great importance on personal suitability and expect you to be independent, service oriented and flexible.

As a dentist at Public dental service Norrbotten, you are an important part of the team where we work together for the patient's best interests. Due to our distribution, with small and large clinics and special dental care, you are offered a great opportunity for further education throughout your professional career. Through our different experiences and roles, we develop and learn from each other, which creates job satisfaction.

"Folkandvården Academy" is our tailor-made skills development programs with a variety of odontological courses and educations for you as a dentist. We offer current and inspired training specially developed for the needs of the business.
