Position: Electrical and Electronics Technician
Location: MALTA, Zejtun

Established 30 years ago, AIS Technology provides high quality engineering solutions including Building Automation, Access Control, Security and T&A.

Job Description:
The company is seeking to strengthen its team by recruiting a technician to join our existing team of electrical and electronics technicians, dealing with cutting edge technologies every working day. It is particularly interesting to earnest and ambitious persons seeking to broaden their knowledge of electronics and enhance their career.

Required Profile:
• Advanced Diploma in Electronic Engineering or equivalent
• Candidates in possession of an Electrical B would be given preference
• Minimum of three years' work experience + basic IT knowledge
• Hard working with an outgoing personality
• Can work well as part of a Team and also on your own initiative
• Good written and verbal skills in English
• Driving licence B

The company offers:
• Permanent contract – 40 hours/week
• Negotiable wages €18,000,00 – 21,000,00/Year/gross, according to proven skills and experience
• Training and coaching will be provided
• The company shall assist the candidate in finding suitable accommodation
