

# **Targeted mobility scheme/ Your first EURES Job TMS/YfeJ**

The Targeted Mobility Scheme -Your first EURES Job (TMS/YfeJ) is an EU mobility project that aims to match employers with hard to fill vacancies with skilled candidates across Europe. It is open to jobseekers with 18 years or older and to employers from an EU country, Norway or Iceland.

Jobseekers may contact any of the project partners to get information about the project and about current job opportunities. For additional job matching/information please contact your local EURES Adviser. Jobs can also be found through the EURES portal where available jobs from all EU countries, Norway and Iceland are published. If you add your CV to the portal, registered employers can find your specific competence. It is obligatory to have contact with EURES/PES because your application must be managed and sent in by EURES/PES Service/partner organisation in that country.

TMS/YfeJ Sweden supports European mobility and sustainable recruitments with fair working conditions. It cannot support employment within sales and telemarketing, businesses with high turnover or with one or more days of unpaid trial work/training before employment or which offers only commission with no fixed wages.

Arbetsförmedlingen (the Swedish Public Employment Service) is managing TMS/YfeJ as the lead with several European partners.

If you are resident in any of the partner countries, please note that your application must be managed and sent in by EURES and/or the Public Employment Services in those countries.

Please refer to the [Commission website](#) for further information on other TMS/YfeJ managed by Public Employment agencies in Italy and Germany.
