Your first EURES Job

Targeted mobility scheme

YfEj 6.0

Your first EURES job aims to help young nationals in the 18-35 age bracket of any of the European Union (EU) countries, Iceland and Norway to find a work placement (job, traineeship or apprenticeship) in another EU country. It also helps employers to find the workforce they need for their hard-to-fill vacancies.

The EUJOB4EU Platform brings together the curriculum of young jobseekers coming from all EU countries, Norway and Iceland interested in a professional experience abroad, and job/apprenticeship/traineeship vacancies of European employers looking for young workers. Under this scheme, national employment services provide support – information, recruitment, matching, placement and funding – for both young jobseekers and employers interested in recruiting from outside their home country.

The initiative, co-funded by the European Union and coordinated by L’Agenzia Nazionale per le Politiche Attive del Lavoro (ANPAL), will consolidate multi-stakeholder partnerships already developed during the previous editions. The project Consortium is composed by 30 organisations: 1 Lead applicant (IT), 12 Co-applicants (BG, CY, ES, GR, HR, IT, NL, PT, RO), 2 Affiliates (IT) and 15 Associates (FI, IT, PL, UK).
